About Earth Hour

Earth Hour is WWF's global environmental movement. Born in Sydney in 2007, Earth Hour has grown to become the world's largest grassroots movement for the environment, inspiring individuals, communities, businesses and organizations in more than 180 countries and territories to take tangible climate action for over a decade. The movement recognizes the role of individuals in creating solutions to the planet's most pressing environmental challenges and harnesses the collective power of its millions of supporters to build a sustainable future for all.
